CAMP 2017

TEEN STEAM!

JUNE 19TH - AUG 25TH

7:30AM-5:30PM MONDAY-FRIDAY

BREAKFAST, LUNCH & SNACK PROVIDED.

SPACE IS LIMITED SO SIGN UP EARLY!

DETAILS ON BACK

STEAM Camps are composed of fun activities that feature science, technology, engineering, arts, and math concepts.

- June 19th-23rd: Molecular Foodies
- June 26th-30th: The Magic of Science
- July 5th-7th: Let it Burn
- July 10th-14th: Not Just a Pipe Dream
- July 17th-21st: Space Y: Infinity & Beyond
- July 24th-28th: The Umpqua Film Festival
- July 31st- Aug. 4th: An Umpqua Undertaking
- August 7th-11th: Snap, Fizzle, and Pop
- August 14th-18th: Club X: Designing the Future
- August 21st-25th: Giro d' Roseburg

TEEN STEAM!

Molecular Foodies – June 19th – 23rd 20 max.

In this week's camp, our sous chefs will travel deep into the Club's laboratory to concoct some delectably nutty and downright freaky dishes, which will throw their senses and their minds into that foodie dimension known only as: the Club's Twilight Zone!

The Magic of Science – June 26th – 30th 20 max.

Get ready to have your head checked after visiting the Club's lab this week. We will be conducting experiments that will have you asking yourself: Is it magic or science? We will grow glow in the dark plants and even turn water into blood when we get things boiling and bubbling down in the Club's cursed laboratory.

Let it Burn – July 5th – 7th 20 max.

Have you ever wished that the Fourth of July was a week long? What better way is there to keep the holiday rolling than to follow up our nation's Independence Day by blowing things up and starting magical fires! We'll learn about what makes forest fires so wild, the drive behind propulsion and finally learn the secret about fire that magicians don't want us to reveal to you!

Not Just a Pipe Dream – July 10th – 14th 20 max.

Think you can lift a car above your head with just your thumb? In this week's camp, the Club's engineers will learn about and build their own simple hydraulic machines to solve some of the Club's heavy engineering challenges.

Space Y: Infinity & Beyond – July 17th – 21st 20 max.

Rockets galore in this space-bound summer week. The Club's engineers will go into the BGCUV's workshop and use their brain and brawn to design some far-out rockets. Then when we fall back to Earth we will design some terrestrial light racers and other kooky crafts.

The Umpqua Film Festival – July 24th – 28th 10 max.

Who will walk away with this year's Clubbies award at the Boys & Girls Club of the Umpqua Valley's film festival? Our little Steve Spielbergs and Kathryn Bigelows will split into competing film crews and let their imaginations take them to great heights when they watch their dreams come to life on the Club's silver screen. There is no glass ceiling on creativity.

An Umpqua Undertaking – July 31st – Aug 4th 20 max.

Strap on those hiking boots and slather on that sunscreen. Members will venture into the wild-life and experience all the natural splendor and wonder the Umpqua National Forest has to offer just right outside the Club's back door when we hike some of the winding trails less traveled by.

Snap, Fizzle, and Pop – August 7th – 11th 20 max.

Weird sounds are emanating from the Club's laboratory. What creepy, curious and strange things will the Club's sous chefs create this week when they mind meld with a microscopic single-celled organism!? The recipes are top-secret, but we can tell you this much: Their explosively delicious.

Club X: Designing the Future – August 14th – 18th 20 max.

What is the limit of an egg shell's strength? While we are no strangers to egg-speriments, this summer they are fully remixed and scrambled. This week will break away from the present and imagine the future of egg travel into the great beyond. Let's get cracking.

Giro d' Roseburg – August 21st – 25th *own bike required 20 max.

Coasting off of last year's successful Tour de Roseburg, campers will be immersed in all the bike paths and trails that Roseburg has developed. Prepare to burn rubber and ride into the sunrise on your two-wheeled steed with our resident biking enthusiasts!

WHAT TO BRING

Campers will be expected to participate in all activities and keep an open mind. There will be activities where campers will walk, hike, or explore and comfortable walking shoes and a water bottle are recommended.

MORE DETAILS

Members	\$90 per week
Scholarship Recipients	\$45 per week
Non-Members	\$100 per week
Late Registration	\$10 late fee*

*week of camp

Club opens at 7:30am, camps start at 8:30am and end at 12:00pm. Following lunch, regular Club programming starts and all camp participants are encouraged to stay. The Club closes at 5:30pm.

Breakfast, Lunch, and Snack provided for all participants. Lunch served 12:00-1:30pm; snack served 3:00-4:00pm. USDA meals are free for children 1-18 regardless of membership status. Children 6 and younger must be supervised by a parent or caregiver. This institution is an equal opportunity provider.

Additional scholarships are available for members who qualify for free or reduced fee lunch through their school district. A copy of your eligibility letter is required at the time of registration. Scholarship funding is limited and is available only while supply lasts.
