

TEEN STEAM SUMMER CAMP 2024

STEAM CAMPS

YOUTH ENTERING 6TH-12TH GRADE

STEAM Camps are composed of fun activities that feature science, technology, engineering, arts, and math concepts.

Week 1: June 10th - 14th Maki Makers

This hands-on program not only teaches culinary skills, including the art of sushi and maki making but also promotes sustainability and healthy eating.

Week 2: June 17th - 21st Digital Storytellers

Today's writing platforms often restrict visual creativity and personal expression. Our camp transforms teens with no coding experience into proud blog owners, providing them with a digital space to express their thoughts on whatever topics they choose.

Week 3: June 24th - 28th Truffles and Treats

Truffles and Treats invites young confectioners to dive into the sweet world of candy making, where creativity meets culinary artistry. Campers will learn cooking skills to create tasty treats.

Week 4: July 1st - 3rd Ingenious Contraptions

Campers will design and build their own complex contraptions, developing critical thinking and teamwork skills as they turn everyday objects into extraordinary mechanical creations.

Week 5: July 8th - 12th Quick Cuisine

Campers will combine minimal ingredients that are low-budget with the cooking skills they'll learn to whip up nutritious meals with recipes they can easily recreate at home.

Week 6: July 15th - 19th Adventure Trek

Adventure Trek offers an experience that mirrors "The Amazing Race," where campers engage in a series of challenges and activities designed to foster teamwork, strategic thinking, and global awareness.

Week 7: July 22nd - 26th DIY Delights

A culinary adventure meant to teach campers how to fill their pantry with homemade staples. We will investigate the difference between store-bought and homemade ingredient lists. Campers will learn cooking skills, culinary creativity, and self-sufficiency.

Week 8: July 29th - Aug 2nd Visionaries

An open space where campers will explore their creativity and learn the skills necessary for creating their own art piece. At the end of the camp, youth will leave with a display of their talent.

Week 9: Aug 5th - 9th Screen to Table

Screen to Table offers campers the opportunity to dive into cinema and experience the culinary world inside. Through hands-on cooking sessions, they'll explore and craft dishes that bring stories to life. Join us for a journey of taste, creativity, and discovery from screen to table.

Week 10: Aug 12th - 16th Fantasy Fellowship

Within this immersive experience, campers will embark on epic quests, create and embody their own fantasy characters, and learn the art of storytelling and role-playing.

Week 11: Aug 19th - 23rd Cookie Crafters

In Cookie Crafters, young bakers embark on a flavorful journey through the art of cookie making, exploring several international cookie recipes, leading to a day dedicated to original cookie design.

CLUB CAMP

Club Camp: Weekly June 10th - Aug 23rd

Looking for something a little less structured this summer that keeps youth engaged? Club Camp offers weekly non-themed camps that include our traditional fun and diverse programming with engaging activities to keep bodies and minds active during the summer.
